WORK EXPERIENCE

Full-Time National Service / Staff Admin

JANUARY 2023 - AUGUST 2024

- My responsibility is to utilize Microsoft Teams for effective schedule management and event coordination. Additionally, I maintained the website intranet, ensuring a smooth and user-friendly interface for all users during my two years of national service.

Upwork / Freelance UI UX Designer

MARCH 2022 - JUNE 2022

- I handle various UI/UX design projects to enhance user interfaces, improve user experiences, and develop my skills in creating intuitive and visually appealing designs.

AIA, Aptitude / Business Development Intern

APRIL 2022 - MAY 2022

- I was task to market a financial advisor through social media platforms using existing design software to create posts to drive growth and brand awareness while learning the fundamentals of business.

HatchDev Asia / Front-Web Developer, UI/UX Designer

OCTOBER 2021 - MARCH 2022

- I led a team to create a multi-cross platform with Facebook and Google analytics data in real-time and designed a web interface to meet my client's user requirements.
